Topiwala National Medical College & Nair Charitable hospital, Department of Pediatrics

DKA/ HHS Monitoring Sheet

Name: Day of hospital stay:

Age/ Sex/ Wt : Working Diagnosis:

Date: Time:-												
Weight												
Mental status (GCS)												
Temperature (Feb/ afeb)												
Pulse												
RR												
BP												
HGT												
Urine ketones												
Serum ketones												
Electrolytes												
Serum Na+ (mEq/L)												
Serum K+ (mEq/L)												
Serum Cl - (mEq/L)												
Serum HCO3 (mEq/L)												
Serum BUN (mg/dL)												
Effective Osmolality = 2[Measured Na(mEq/L) + Glucose (mg/dL) /18												
Anion Gap												
ABG												
pH												
PO2												
PCO2												
SO2												
HCO3												
INSULIN												
Units past hr												
Route (iv/ sc)												
Intake IV Fluid/ Metabolites												
0.45% NaCl past hr												
0.9% NaCl past hr												
5% -12.5 % D past hr												
KCL (mEq/L) past hr												
PO4 (mMoles) past hr												
Other corrections (HCO3												
Output												
Urine (ml)												
Other
